WE wish we had a hundred or more little girlies like the one on the front cover—and like this dear little child—but they don't come in hundreds, and of course both of these little "darlings" were cared for long ago.

Contributors and Friends of

The Children's Home Society of Florida

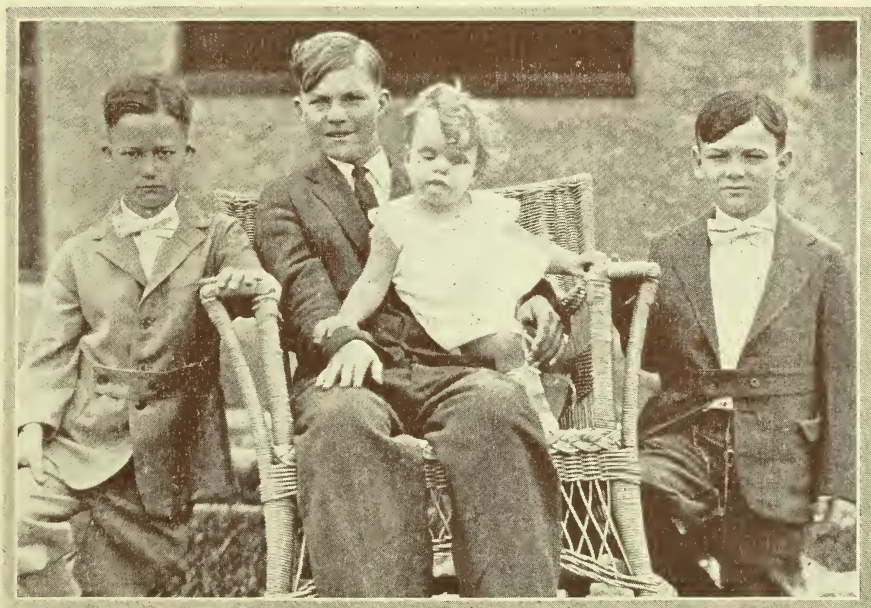

Greetings:

THE three most remarkable and inspiring services rendered by our Society during the past year (which in every way has been the most remarkable year in the entire twenty-three years of the Society's services to Florida's homeless and needy children) are told in three thrilling stories, so true that they seem almost incomprehensible, so wonderful that they must grip the interest of even the most hardened sceptic.

Three wonderful families each give real homes of love, care and opportunity to *Four Children*; two groups containing one afflicted child

Two or more years ago two little homeless brothers came under the care of the Society, after their own home had been completely and permanently wrecked by death, poverty and neglect. One of these lads, a boy of six, was most attractive in appearance, manner and habits. He appealed to everybody and so completely won his way into the hearts of the TonBoyn family that

The First "Quartet" to Go into One Good Home.

"Florida's Greatest Charity"

they plead with the Society for the privilege of taking him as their very own. Bobby was as wild as a March hare, full of mischief, but lovable and attractive withal. Frank, seven years older, neglected, untrained, uncared for, was such a problem that the TonBoyns felt that he would be too much for them, so they decided to take only Bobby.

Months afterward, however, the big, loving, boundless hearts of the TonBoyns yielded to Bobby's plea for his older brother and Frank was taken in, problem and all. It has been no easy task to bring this headstrong, careless, unappreciative, untrained youth to the point where his example would be helpful to his little brother, but love, persistence and endless patience have won a real victory, and Frank is making good in one of Florida's fine schools, and in every other way, and he and Bobby are both blessed with a home infinitely superior in every way to their own home, which was wrecked.

Little Blind Veretha Comes

To the ordinary or even extraordinary family this taking of two boys would have seemed all that could well be expected of any one home, but not so with the lion-hearted TonBoyns.

Last spring after our Society had published the picture of little totally blind Veretha (the poor little emaciated baby who had lost her eyes forever through the wilful and criminal neglect of her mother, who later abandoned her) and had published appeal after appeal, in the hope of finding some good family who would take little blind Veretha in as a boarding case for pay, and after all this effort had failed, the TonBoyns came to the rescue, and took little blind Veretha, at a time when her very life was despaired of, and one of her eyeballs was hanging out of its socket, because the diseased muscles no longer could hold it in place. No brand ever was snatched from the burning at a more critical and apparently in a more hopeless condition. Nothing but love and worlds of it could ever have made it possible for any family to have the courage to accept so distressing and depressing a job.

The tender, loving patience of the TonBoyns has been one of the most inspiring and remarkable examples of real and genuine Christianity that has ever come to our notice, and today as we read this report—little Veretha is well and strong and happy as a lark, in the loving arms of one of the most wonderful mothers in all of Florida.

Another Lad is Added to the Trio

Not content with all this unusual record of service, the TonBoyns a short time ago offered a home to another little homeless lad of ten years, Bradley, who together with an older sister and a younger brother and sister had come under the care of the Society some months ago, utterly homeless and uncared for.

Bradley was a manly, attractive, lovable, bright, winsome lad, who would repay any family for a home provided for him. Just as the TonBoyns had learned his ways and had made him feel at home, another home was offered Bradley, a home with his two sisters and brother (which we will tell about in the next story of a wonderful service), and hard tho it was to lose him,

the great hearts of the TonBoyns let him go, after many touching caresses, that he might grow up with his own kin, and then to show that their hearts had room for another lad to take Bradley's place, the TonBoyns immediately took in another fine little chap, Joseph, age nine, who has just recently gone to share the wonderful love and care of the TonBoyn home together with Bobby, Frank and little blind Veretha.

Can you think of a more wonderful piece of service than this? Wouldn't you like to join me in providing gold medals for the wonderful TonBoyn family? Can't you imagine the stars they will wear in their crowns some day?

*The Second "Quartet" That Went
to a Dandy Home.*

Another Wonderful Family takes a quartet of youngsters --Eleanor, Fordney, Bradley and Dorothy

About a year ago the second quartet of homeless youngsters of whom I want to tell you came to us from a home destroyed utterly and permanently through the hand of death and other destructive factors. Four fine little youngsters, Dorothy, the eldest, a girl of twelve years, being afflicted with a withered and misshapen hand and arm, and with more freckles than the law allows, but blessed with the most remarkable philosophy and generous spirit I have ever seen in a child of her years.

It didn't take long after the quartet were received and bathed and dressed up to find a delightful home for little Eleanor, a most appealing youngster of five years, with the most contagious chuckle and heartiest laugh, and the wittiest brain, I have seen in years. The McCormicks, who took little Eleanor, only wanted one child, and tho we dreaded the separation of the four, we felt that the McCormick home was too fine to lose, so we permitted little Eleanor to go.

Little Eleanor wormed her way so far into the hearts of the McCormicks, even into Mr. McCormick's heart (tho he did not really want a child at all) that soon we were receiving the longest letters telling us of what an unusual little girl Eleanor was, so wise, so tactful, so engaging, so compelling, and so full of humor, that soon the whole town was talking of Eleanor and paying her homage.

One night in her little good-night prayer little Eleanor asked the Lord to please make her new papa rich enough so he could afford to take her little brother Fordney, age seven, a dear bright little fellow, but very quiet and

"Florida's Greatest Charity"

timid. That prayer found its answer in the big hearts of the McCormicks, who soon motored to Jacksonville and took little Fordney along home, to the endless joy and delight of the little affectionate sister, and such a happy pair of youngsters you have never seen.

Just a few weeks ago, shortly before Christmas, little Eleanor began to talk of Santa Claus, and how she wished he could bring her sister Dorothy and Brother Bradley down for even a little visit for Christmas, and 'twas then the hearts as big as the ocean (the McCormicks) decided to surprise little Eleanor and Fordney on Christmas morn with a permanent visit from Dorothy and Bradley. Arrangements were soon made with the big-hearted TonBoys (mentioned in our first remarkable story) to permit Bradley to leave their home and come to live with his other brother and sisters, and it took no persuasion to get our Society to let Dorothy (with the withered arm and misshapen hand, which in the meantime thru a series of miraculous operations had been made almost normal) join the happy group, and so on Christmas morn the happiest quartet that ever sang a Christmas carol were re-united in the McCormick home, to be loved and cared for always, and given a wonderful opportunity in a remarkable home.

The Third "Quartet" That Luckily Found a Good Home Together.

A Third Quartet of Youngsters is Cared For

The third wonderful family taking a quartet of children also deserves very special mention, for in taking four children this fine family selected two of our finest girls, a pair of lovely sisters, for whom we had earnestly hoped for many months that we might find a good home together, for they were so devoted to each other that separation seemed dreadful to even think about. The girls were ten and twelve years of age.

Two fine brothers, nine and thirteen years of age, for whom we had tried hard to find a good home together were the lively boys, and all four are being given a wonderful opportunity in a real home of love, care and guidance, just the kind of home we would like to find for all of our children. It is no small undertaking to care for and raise successfully four children—few families succeed at it with four of their own, but we believe that one of these days Florida will have four fine citizens to render real service to their fellow men, when these fine youngsters have grown to manhood and womanhood.

This is the first time in the history of our work that we have placed three quartets of children in one year, and we are particularly proud of the three wonderful families who have made it possible, and trust that their big-heartedness will be a fine incentive to other good families all over the State.

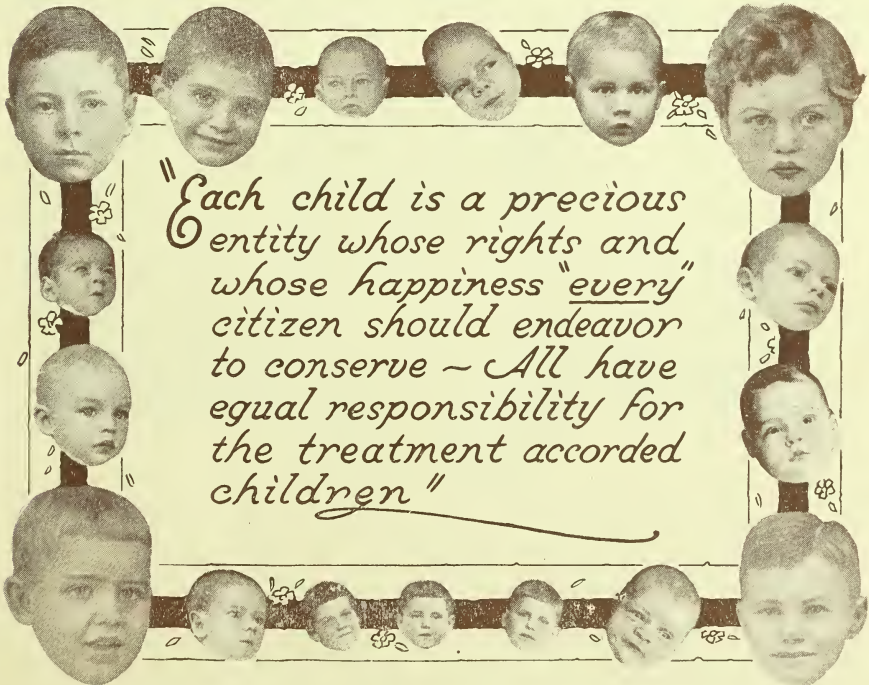

How About a Quartet or Two For Your Home?

And so the Christ Spirit that came into being many years ago, at Christmas time with the birth of the lowly Jesus, has been made a living, breathing reality, and our Society through these three perfectly wonderful families has been able to render three of the greatest services to three groups of four little homeless tots, that our Society or any other has ever been able to render, since the day of Christ our Lord.

In writing our deep appreciation to the McCormick family, we were told in their remarkable letter of reply, that *they* did not deserve any credit whatsoever, that the entire credit belonged to little Eleanor, through whose little touching prayers and tactful pleas their hearts had been touched with the Spirit of the Master Himself, who said "And a little child shall lead them," and so we have honored little Eleanor by using as the title of our Annual Report this year, the time-worn but truthful saying "And a little child shall lead them."

These Services Alone Made the Year's Work Worthwhile

I am sure, friends, that you will all agree with me, that if we had used every dollar that has been contributed the past year by the good people of the entire State, and had rendered no other service than those just mentioned, that the money would have been well spent, and that our year's efforts had

"Each child is a precious entity whose rights and whose happiness every citizen should endeavor to conserve - All have equal responsibility for the treatment accorded children"

"Florida's Greatest Charity"

not been in vain, for who can measure the real meaning in the years to come, of the invaluable service rendered to these twelve children and their posterity to follow?

But, just think, these twelve children are only twelve of the 1,650 that have received our aid, care and attention during the past year. Think of it, 1,650 little living souls for whom we have rendered services, both great and small. Who can measure the value of our service to those 1,650 little ones, who have been lifted out of filth, disease, vice, crime, poverty, cruelty, abuse, neglect, abandonment, broken homes, homelessness, loneliness, friendliness, yea even death itself.

Let us review as briefly as possible the service rendered during the year to these 1,650 little future citizens, future fathers and mothers, future doctors, lawyers, merchants and Floridians.

SOME WONDERFUL TRIOS AND QUARTETTES

After reading of the three fine families who took four children each (mentioned in the first pages of this report) we confidently look forward to the placement of several other trios and quartettes.

Here are pictures of some of the trios and one quartette, for whom we hope we may soon find some big-hearted folks who will take a whole "bunch" in; for we just dread to think of separating these family groups. Don't you?

MUST CHILDREN BE SEPARATED?

Can you think of anything more pathetic than for little brothers and sisters, who have lost their parents through death or otherwise, being separated forever—because no family could be found who would take them both—or all three or four? The policy of The Children's Home Society of Florida is to keep brothers and sisters together wherever it is at all possible. Will you help us stick to this policy, by taking a pair, a trio or a quartette of youngsters from our family?

Some of Our Larger Contributors

Since we receive much of our support in Jacksonville, Miami and Pensacola through the Community Chest of those three cities, the following list cannot be considered complete, but it does give some idea of the number of folks who are willing to entrust considerable sums of money into our care, believing that we will invest

every dollar of their contribution in the wisest and most helpful way for the children coming to us for aid. We publish this list of larger contributors as a special indication of our appreciation, and in the hope that others who read the list will be inspired to help us in a larger way during 1926 and succeeding years.

*Lord, give to men who are old and rougher
The things that little children suffer,
And let keep bright and undefiled
The young years of the little child.*

— MASEFIELD

*Next to a good home and parents and good health we believe a good education
is the greatest blessing we can give to our Homeless Children.*

The Children's Home Society of Florida

AREN'T THESE LITTLE GIRLIES AN ATTRACTIVE GROUP?

Yes, they are all homeless—all eager for love and care. Who can tell how Wonderfully they will develop and what real service they may render if we can find just the right homes and parents for them? May we tell you more about our little girls?

"Florida's Greatest Charity"

Essie

Young Peoples Societies of Christian Endeavor Continue Their Support

For the twenty-third successive year—The Endeavor Societies of Florida have been generous in their support of our great work—the amount received during the past year from C. E. Societies being \$1671 93. This money was contributed by the Endeavor-

Elizabeth

ers of Florida—to be used for little Essie and Elizabeth, the two little cripple girlies in whom the Endeavorers have been interested since they came under our care, the Endeavorers having contributed in all practically \$5,000, in the hope that these two little girlies, who came to us apparently hopelessly crippled might have the normal use of their limbs. We are glad to report that both of the girlies are now able to walk on the limbs that were utterly lifeless, and we hope that in due time they can get about more comfortably and be able to become self-supporting, useful members of Society.

We can never say enough in praise of all that the Endeavorers of Florida have done for these girlies and our work generally, for they were the first organization to help us years ago, and have never failed us in our twenty-three years of helpfulness.

Rotary, Kiwanis, Civitan, Exchange and Lion Clubs Help Wonderfully, Too

In no other year since the Jacksonville Rotary Club in 1918, under the leadership of President George W. Hardee, put over our \$50,000 campaign for funds, have we had such a fine and generous support from the Civic Clubs of our State. In all we have received \$2771.64 from the Rotary, Kiwanis, Civitan, Exchange and Lions Clubs of the State, this amount not including the special fund of practically \$30,000 raised by the Lions Club and other civic clubs of Miami, for the establishment of a new Branch Receiving Home in Miami, which is mentioned in detail elsewhere in this report. We are deeply indebted to the Civic Clubs and their thousands of members, not only for the monies that they have sent in, but for the fine spirit of interest in our work, which has been indicated by their generous help.

The Children's Home Society of Florida

YES, INDEED! WE ALWAYS HAVE PLENTY OF "PAIRS"

We place almost as many children in "pairs" nowadays as we do "singly." In fact, we are securing an increasing number of "second orders" from families who started out with one fine child and then found that one was lonesome or selfish and that two were easier to care for. How about a "dandy pair" for your lovely home?

Florida's Greatest Charity"

Many Women's Clubs All Over Florida Lend a Helping Hand

Some of the finest contributions that have come to us through the past year have come from Women's Clubs and other Women's Organizations of the State. Many of these are Clubs and Organizations that have been partners with us for many years, not only in our own work, but in securing legislation that has been beneficial to every child and every citizen in the State. We are sorry that we do not have the support of every Woman's Club in the State, (we feel that we should have it), but we are grateful to all those that have given, and shall hope to gain the good will and support of others soon. The total amount received from Women's Organizations was \$1910.99.

Churches, Sunday Schools, Ladies' Aid Societies, and Other Church Groups of All Denominations Have Had a Big Part in Our Support

With the First Baptist Church of St. Petersburg leading all the other church groups and organizations with a wonderful Christmas contribution of over \$300, the past year has been a record year in the support that we have received from churches, Sunday Schools, Bible Classes, Ladies Aid and Missionary Societies, Baraca and Philathea Classes, of all creeds and denominations all through the State.

We are delighted with this indication of interest in the welfare of little needy children, regardless of church affiliations, and with the big broad Christian spirit that predominates in many of the churches of our State. We do not expect churches to give to our work in preference to their own church institutions and agencies, but we do feel that we should receive some support from every church of every denomination in the State, for we receive children regardless of creed and regardless of their need, and our services are rendered in the Christ Spirit and for the children that He would love to help were He on earth today.

We are particularly pleased with the offerings that have come to us from Union Thanksgiving and other Union Services through the year. Many communities remember us every year in this way. It seems peculiarly fitting that we should have the support of such Union Services, for we are serving all denominations and can only render a larger service as we have a larger income. From all these sources we received \$5387.88

School Children All Over Florida Gladly Raise Funds For Our Children

In no other year have we had a larger support from the school children of Florida, and proud we are of the scores of encouraging letters from school principals and teachers and pupils, all telling us of what a real joy it is for them to have a part in our fine job, and what a fine thing it is for these school children in these early years to have the "giving spirit" encouraged in their lives.

We are particularly grateful to the school children who have earned the money that they sent, or that put on little entertainments or sold candy

or in some special way raised the monies they sent in, for we all know more of the real joy of giving—only when it has meant some sacrifice to give.

\$7618.28 is no small amount of money, and we appreciate it tremendously, but we also appreciate the interest of the thousands of children and their families and teachers who sent this large sum to us. If this interest lasts and increases with the years, we will be building a fine corps of supporters for our Society in the years to come.

Because of Community Chests in Jacksonville, Pensacola and Miami, we cannot secure funds from the school children in those cities, which we deeply regret, for we had worked up an enthusiastic and wonderful support in those schools and miss their support and interest keenly.

Lodges and Fraternal Orders Gladly Give Our Work a Lift

No finer friends to our Society exist anywhere than in the Lodges and Fraternal Orders among the men and women of the State. Many of these orders have their own charitable projects and Institutions to support yet give gladly to our Society, knowing that we too are doing a fine piece of work in our chosen field for children.

The Masonic Bodies, Elks, Knights of Pythias, Oddfellows, Red Men, Eastern Star, Maccabees, Daughters of Rebecca and many other orders, all have groups here and there who gladly help, many of these doing this for our children every year. From these sources we received last year a total of \$4166.17, a fine tribute to our Society and its work, for which we are intensely grateful.

The Ku Klux Klan made some contributions here and there too, indicating an interest in our kiddies, which is very helpful, and which is cordially welcomed, for we want everybody in Florida to have a part in and to believe in our great broad service to Humanity, regardless of religious or fraternal affiliations.

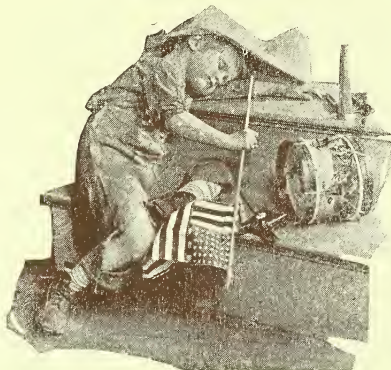

The American Legion Helped a Whole Pile, Too

A very special word of appreciation must be written in connection with the whole hearted interest and exceedingly generous support of the American Legion through its various Posts all over Florida, who under the leadership of Adjutant C. Howard Rowton of Palatka, raised the funds to give our children—for the second year in succession—the biggest, finest Thanksgiving dinner and entertainment that our children have ever enjoyed, and then followed with the most wonderful Christmas dinner, toys, ties, stockings, ribbons, etc., and baskets for our boarding home children as well as for all the children in our Receiving Homes in Jacksonville and Pensacola too. Nothing was too good for our kiddies, and the Legion went the limit in stuffing our children full of turkey and all other goodies, and in giving them the time of their lives on both Thanksgiving and Christmas. Adjutant and Mrs. Rowton of Palatka, and Commander and Mrs. Emmett Safay of the Jacksonville Post, honored us with their presence on Thanksgiving Day, and were assisted by the Drum Corps of the Jacksonville Post, and special talent from the Jacksonville Theatres, and others, all of whom put forth their best efforts to gladden the hearts of our children.

"Florida's Greatest Charity"

In addition to all that the Legion did, our good friend Mrs. W. W. Cummer, brought hilarious joy to the children with her big "Pumpkin Heads" full of prettily wrapped and ribboned toys and favors for every child, and honored us all with her presence, accompanied by Mrs. Arthur Cummer, who is always a welcome guest among our little ones. It was truly a *great day*—one to be really thankful for.

THE END OF A GLORIOUS DAY

Many a little toddler at our Receiving Home went to Slumberland early Christmas Day, with a flag in his little hand, his toys at his side, to dream of the wonderful day that the American Legion, Rotary Club, Kiwanis Club, Santa Claus friends everywhere, had brought to our Receiving Home.

We need "Joy-Bringers" for our kiddies every day in the year. Will you be one today?

Hon. Frank Owen, City Commissioner, provided the lights for two beautiful trees in the yard and wired them for us, one of these trees being the permanent gift of Mrs. Arthur Cummer. Many other things were done for the children by friends and organizations, schools, Sunday Schools, Civic Clubs, Women's Organizations, Churches, just too numerous to mention in detail.

Special mention must be made of the perfectly marvelous contributions of toys sent in by many good friends at Miami, answering each child's Santa Claus letter—under the leadership of Mr. O. M. Drebert of the Florida Title Company of Miami. The children were just too happy for words at the receipt of the special gifts they had written Santa Claus for, and gave rounds of applause to Santa's helpers in Miami.

We must report too the exceeding generosity of the Kiwanis Club of West Palm Beach, who sent in a total of \$560.00, which was used to bring every child a new pair of shoes, kimonos for the girls and bedroom slippers, night garments for all the children, stockings, and other useful gifts, which the children were in ecstasies over.

Christmas Day 1925--The Most Wonderful Ever

While speaking of special days, we must tell our friends something of the most wonderful Christmas Day that we have ever had, it really was remarkable, and will stand out in our memory for years to come. We have already mentioned the part that the American Legion Posts of the State had in providing the biggest dinner ever, and the toys, ties, ribbons, stockings, and a special basket for our children in boarding homes, all of which was very wonderful.

As in other years our Ladies' Auxiliary and some special friends under the leadership of the chairman, Mrs. Arthur Cummer, looked after the buying of the supplies, sorting out the gifts for the individual children, filling the suitcases, trimming the trees, packing the boarding home baskets, and in many other ways providing for the Christmas occasion.

The Rotary Clubs of West Palm Beach, St. Petersburg, Tampa, Gainesville, Tarpon Springs, Live Oak, Orlando, and other cities, and Kiwanis, Civitan, Lions and other Civic Clubs all over the State, gave generously to provide new suit cases and going away outfits for every child, new suits, caps, hats, etc.

The Rotary Club of Jacksonville provided through our Society fifty pairs of new shoes and stockings to needy children scattered all over Jacksonville, which were badly needed and greatly appreciated.

Other friends provided new linoleum for our Dining Room and other practical and much needed equipment.

Scores of other friends, business firms, schools, Sunday Schools and other organizations, Societies, Lodges, Clubs, Churches, sent in money, fruit, nuts, meats, preserves, canned goods, clothing, etc., all of which gave us the greatest Christmas in our History. I am sorry not to be able to mention every gift and kindness in detail, but they are just too numerous to mention, but we are more grateful than words can ever express.

The mumps and the freight and express embargo detracted some from the abundance of joy and contributions, but it was wonderful in spite of these obstacles.

Needlework Guilds Deserve Special Mention

A Tiny Wee Bathing Beauty

A special paragraph must be set aside for special mention of the most unusual and exceptionally fine and generous contribution of new and used garments and other articles sent in this fall by several branches of the Needlework Guild of America, for these garments not only represent hours and hours of personal hard and devoted work by scores of the finest women in Florida, who are glad to render this service to our children, but they represent a money value that would run into hundreds of dollars. How I wish you all could see the new attractive dresses, waists, rompers, sweaters, under garments, etc.; really they are just wonderful, and no words that I can write can begin to properly

thank all these fine women who have done so much for us. Many of these branches have remembered us every year for several years, and are among the most devoted and worthwhile friends we have. No finer gifts come to us than these wonderful Needlework Guild garments and articles. May they continue to help our little ones for many years to come.

Some Tag Day Friends

Plant City and Ft. Pierce take the prize for their many years of loyalty to our Society and its children when it comes to Tag Days, for good friends in these two cities never forget us, and each year bring a considerable sum of money into our Treasury—through their kindly efforts. These friends give a lot of time and real work to these Tag Day efforts, and deserve special commendation and gratitude. A few other cities and towns remember us in some similar efforts, but the above cities and the ladies who conduct the Tag Days for us—are the leaders in this particular service.

"Florida's Greatest Charity"

The New Southeastern Branch at Miami

The unprecedented building program in Miami during the past year, which has resulted in a Freight Embargo lasting for months, and which has brought to Miami thousands of skilled workmen, (but not enough), has made it impossible for our Society to complete the enlargement and remodelling of the very beautiful Receiving Home, which we had hoped we might have in active operation many months ago, but the present indications are that before this report is printed the Receiving Home will be opened, and will be in active operation. We are sorry beyond expression for this long delay, but it has seemed unavoidable and could not be helped.

A few words of information concerning our Southeastern Branch, its inception and growth, should be made a part of this report, for it is one of the most important steps that indicate the real growth of our Society and its work.

The Lions Club of Miami deserves the credit for the establishment of the Southeastern Branch in Miami—other Clubs and agencies have assisted in bringing it into being—but the Lions Club deserves the Lions share of the credit, for it was through the Lions Club that the decision was made that Miami needed a Child Welfare Agency, a Children's Home, and it was through the Lions Club, under the leadership of its President, Judge W. H. Burwell and Lion Thomas S. Davenport, that the invitation was extended to the Children's Home Society of Florida, to establish a branch of our work there. This invitation was endorsed by fifteen of the Civic Clubs and agencies of Miami, many of whom assisted the Lions Club in its successful

The Children's Home Society of Florida

campaign for funds, which was held early in 1925, to raise practically \$30,000, to purchase, enlarge and remodel and equip the beautiful residence, which will soon be filled with the smiles of happy, tho homeless and needy children.

The campaign was brief and under the leadership of Lion George K. Palmer the entire sum was soon pledged, and since that time most of it has been paid in. Other funds have since been provided through two estates and special friends for the equipment of the Home throughout.

Support for the new Branch is assured through the Community Chest of Miami, which made a generous allowance for our first year's work, and through good friends in Broward, Dade and Monroe Counties, who will gladly give to its support.

A very competent Board of Directors and officers has been chosen, composed of the finest business and professional men in the above three counties, and a wonderfully fine Ladies' Auxiliary has been selected to look after the details of the Receiving Home and assist the District Superintendent in the cases called to her attention.

The work of the new branch was officially started last April, when Miss Margaret MacGunigal of New York State came to assume charge of the new branch. Miss MacGunigal has recently resigned, and has been succeeded by Miss Minna Robertson, who for three years was a State Field Worker for the Home Society, and in charge of the former East Coast District. Miss Robertson is an experienced, efficient, delightful person, and will see that the work of the new branch goes forward in fine shape.

We are very greatly indebted to the County Superintendent of Schools and the School Board, for the use of one of the rooms in the Central Grammar School for our office for several months, and are also very grateful to Judge Edith M. Atkinson of the Juvenile Court, for her gracious courtesy in permitting us to use a part of her office space for some months past. A new office has just been rented at 515 Seybold Building.

It was our first plan to include the entire territory from Ft. Pierce to Key West and to Okeechobee in the new Southeastern District, but we soon found that no one worker could properly attend to all the work in so large a district, therefore, the district was reduced, and now includes three counties, Dade, Broward and Monroe.

With the tremendous increase in population in this district, we feel sure that we shall have our hands full caring for the children who will need our care, but we know that the generous people of the district will amply supply our Treasury, so that we shall have the workers and the facilities to do the work with. Too much credit cannot be given to the Lions Club and others who have made this important new branch of our work possible, which we know will render a real service to needy little children in the Southeastern District.

"Florida's Greatest Charity"

Many Individual Beds Are Provided By Kind Friends

The following friends have contributed funds particularly to provide permanent beds and furnishings for the new Receiving Home in Miami. Fifty Dollars will provide for a brand new specially built bed or crib, with sliding seat for child, a fine mattress, blankets, sheets, pillows and pillow cases, spreads, etc. There will be thirty-six to provide for, therefore we will gladly welcome additional contributions to this fund. Suitable acknowledgment will be made in permanent form at the Receiving Home for all who provide beds for our little ones. We are very thankful to the following friends for their help in this special way.

*"He who gives a child a treat,
Makes joy-bells ring in Heaven's Street,
And he who gives a child a home
Builds palaces in Kingdom Come."*

—JOHN MASEFIELD

*The spirit of motherhood
comes early.*

WONDERING

Who knows the depth of the heartaches of little "homeless" children, as they realize that they have lost their own homes and parents, by death or other causes, forever? Can you see the "pathos of expression" in this dear little girlie's face? Isn't it fine, though, that Florida has an agency like ours, to secure new homes and mama's and drive away all "wondering doubts and fears"?

HOMELESS CHILDREN

*Open every child asylum,
Set the little captives free;
Give them homes and loving moth-
ers;
Homes of laughter, song and glee.*

*Homeless, friendless, helpless chil-
dren,
Needing most a mother's care,
Won't you look upon with pity,
Let them in thy blessings share?*

*Childless homes and homeless chil-
dren
Each can other's wants supply.
Separation—sad delusion!
By which homes and children die.*

*Give thy mite, give golden treasure,
Freely as to child thine own;
Give thine heart in loving measure,
Help a child to find a home.*

The Honor Roll of Friends of Our Southeastern Branch at Miami

Following is a list of the good friends who responded so generously to the appeal of the Lions Club of Miami and others, last January 1925, for pledges and cash, for the purchase, remodeling, enlargement and equipment of our new Branch Receiving Home, located at 809 N. W. 14th Street, Miami. Particular credit should be given to George K. Palmer, Miami Realtor, and a few other members of the Lions Club, who did most of the work in securing the pledges and cash. Gratitude is herewith expressed too, to Miss Campbell, office secretary for Mr. Palmer, for her efforts and work in keeping accounts, etc., for the committee. We are deeply grateful to these good friends, without whose generous aid our Receiving Home in Miami would be impossible, we hope they will all visit the Home soon and see just what we have done and are doing through their kindness.

Special mention should be made of the very generous contribution of his services as supervising architect for our new Receiving Home by Mr. Charles P. Neider, prominent Miami architect, who without cost is rendering an invaluable service.

The construction work is being done by the St. John Construction Company of Miami, at actual cost, which means a great saving to our Society, and which we appreciate keenly.

Mr. J. B. Wofford and the Exotic Gardens of Miami, have promised new plants, shrubs, etc., and a nice neat fence to surround the property when the Home is completed. We thank them in advance.

SOME VIEWS OF OUR FAMILY BOARDING HOMES FOR CHILDREN
*in which with the help of our devoted Boarding Home "Mothers" we are able
to care for scores of children of widowed mothers—or children of Fathers
who are widowers—and for temporary care cases for Juvenile
Courts and other social agencies.*

Our West Florida Branch is Rendering a Real Service

*Our Branch Receiving Home for Nine West Florida
Counties, at Pensacola*

The good people of West Florida, through the Social Service Association of Pensacola, and individual contributions, have made it possible for us to continue our important work for the needy children of the nine counties west of the Apalachicola River, through our West Florida Receiving Home in Pensacola, and through the invaluable and capable services of Mrs. Helen Chandler, Field Worker for our West Florida territory. We are proud of the continued support of our good West Florida friends, and are proud of the services we have been able to render in that section of our State. We are glad to have the continued and efficient services of Mrs. J. E. Holloman, who has been Matron of our West Florida Home for over five years, and is doing a fine piece of work.

We are glad to have had a small part in putting over the successful campaign for the Social Service Association of Pensacola, through which our Society receives six thousand dollars this year, toward the expense of our West Florida work. The Social Service Association takes the place of the usual agency known as the Community Chest in most cities, but in addition is doing a real service in caring for the poor and needy of Pensacola as its chief relief agency.

Our Board of Directors and Ladies' Auxiliary in West Florida are a fine, devoted group of friends to our work, and are ever alert to our interests in every way. We are glad to publish their names herewith, and thank them for all they have done and are doing for us.

We regret exceedingly the resignation as Treasurer by our good friend of many years, Mr. Dan B. MacMillan, for he has been connected with our West Florida Branch since its inception and for many years with the Pearl Eagan Home, which we took over by invitation as our Receiving Home in Pensacola. We desire to publicly express our deep appreciation of his many years of devoted service and to express our deep regret at his need of leaving us.

Mr. Harry A. Lurton, our West Florida Branch President, will act as Treasurer also, and all contributions should be sent directly to Mr. Lurton for the West Florida work.

"Florida's Greatest Charity"

In connection with our West Florida Branch, special mention should be made of daily donations of twelve loaves of bread by Smith's Bakery, weekly donations of fish by the White Star Market, free electrical repairs by J. R. Hall, annual supply of wood for fire by D. H. Tart, regular sewing and mending by the ladies of the East Hill Baptist Church, fine annual generous contribution of new garments, quilts, etc., by the Catholic ladies of the Isabella Sewing Circle, other sewing by ladies of various Pensacola churches each month, rebates on laundry bill by the Star Laundry, free hair cuts for two years by the Palace Barber Shop, and some free barber work by Messrs. Townly and Haliday each week, weekly donations of fruit and vegetables by Levy and Hallmark, five gallons of milk daily for three months by the Lehman Dairy, free transportation to Amusement Park at Bayview, twice each week during the summer by Mr. and Mrs. H. A. Lurton; free glasses and optical service by The American Optical Company, story telling service by the Pensacola Woman's Club each week, to the Saenger Theatre management for the many movie show parties free to our children, to the Ed C. Nutt shows, for free tickets for all our children frequently, to many good friends who have furnished free auto service to take our children to theatres, parks, etc., and to scores of others who in many ways have aided our West Florida Branch—the names being just too many to mention in detail, but our gratitude is big and sincere enough to reach each and all.

Some views of the fine children we are caring for in carefully selected "Family Boarding Homes for Children."

These children are visited regularly in these Homes and are given the same care in every way as the children in our Receiving Homes. Without these Boarding Homes and Boarding Home-"Mothers" our work could not go forward. We need many others. How about your Home?

"SOMETHING LASTING"

*He built a house; time laid it in the dust;
 He wrote a book; its title's now forgot;
 He ruled a city, but his name is not
 On any tablet graven, or where rust
 Can gather from disuse, or marble bust.*

*He took a child from out a wretched cot,
 Who on the State dishonor might have brought,
 And reared him to the Christian's hope and trust,
 The boy, to manhood grown, became a light
 To many souls, and preached for human need
 The wondrous love of the Omnipotent.
 The work has multiplied like stars at night
 When darkness deepens, every noble deed
 Lasts longer than a granite monument.*

A New Receiving Home Site is Chosen

PRAYING FOR THE NEW HOME

Not only are the little homeless kiddies at the Receiving Home in Jacksonville praying daily for the New Home, but all of our staff of workers and Board members and women of the Auxiliary; for it is going to be a great responsibility to secure the needed funds and direct the building of the new plant. Wouldn't

you like to help us build and equip the New Home?

For the past two years our present receiving Home has been congested with children, almost continuously, so much so that we have had from ten to thirty of our legal wards out in family boarding homes at an expense of five to eight dollars each per week, as we could not provide for them at the Receiving Home, because of utter lack of space. The congestion on the playground has been quite as serious as in the buildings, for our children have not been able all this time to have anything like normal play, and games like baseball, basketball, tennis, etc., have been absolutely out of the question, for one little lot 70x125 feet simply cannot be a suitable playground for a group of from seventy-five to a hundred children.

The congestion in our school rooms, which have been a makeshift for years, is even more serious, in fact these school quarters are a menace and a disgrace to our organization, but we have put up with them in the hope of having more adequate facilities soon.

I am glad to report to all our friends and contributors everywhere that we have found an ideal location in Murray Hill, near Nelson Avenue and Post Street, where we will have practically twelve acres of land, with a frontage of twelve hundred feet on Post Street, a main road and in a very desirable location.

This land has been purchased by our Society, and plans are being made for the building of a new, modern, up-to-date Receiving Home plant on the cottage plan, a plant that will meet our urgent needs, and that will be a credit to our rapidly growing work.

The new building will be financed largely through the sale of our present Receiving Home property, through the Henry School Fund, and by a special campaign to raise the necessary balance. We hope to sell our Orange Park property soon, and add these funds to our Henry Memorial School Fund.

We trust that in a short time we can decide on the plans for the new buildings, and arrange for the campaign to secure the needed funds. We will gladly welcome any funds from any source for this new Receiving Home project, and trust our good friends will keep us in mind. We know of no finer or more lasting way to invest funds as memorials or otherwise.

We have put this matter off for years, until the time has come when we simply are compelled to arrange for larger and more suitable buildings and grounds.

"Florida's Greatest Charity"

The Community Chest Movement

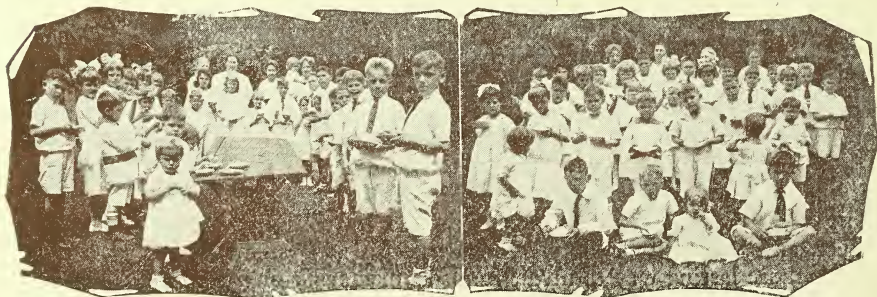

We have never separated a pair of twins—and hope we will never need to. Here are "Max and Climax," a boy and girl, who have been "dun took."

Our Society now is a member agency in three Community Chests, in Jacksonville, Miami and Pensacola. We are watching the development of the movement in Florida with great interest and some concern. We are interested because we believe that the idea of the Community Chest is a good one if properly worked out. We are concerned because we are not sure that the Chests will be able to provide adequate funds to care for the absolutely certain increased costs of our increased and growing service. With Florida's tremendous growth in population—more demands are sure to be made on our Society for an enlarged service from year to year. We must have more funds to meet this need. We hope these increased funds will be made possible, and that we shall be able to work out a mutually satisfactory arrangement to the end that both the Chest movement and our great work shall prosper and be of great service. We are deeply grateful to the three Chests named for their help in our great work and the support received.

Fourth of July, Kiwanis Day at the State Fair, Theatre Parties, All Brighten the Hearts of Our Big Family of Children

Every holiday is a red letter day at the Receiving Home for our children, for we always have special eats, decorations and a big time, but in addition to all the regular holidays our children have come to look forward with special delight to Kiwanis Day at the State Fair as one of the biggest and best

Our kiddies are always ready for a picnic. Would YOU like to give a picnic for them some day?

days of the year, for the Kiwanis Club of Jacksonville gives our kiddies the time of their lives, and each year they seem to do more than the year before. We are deeply grateful for this big day and to the Kiwanians of Jacksonville for the joy they bring to our children.

We are particularly indebted too, to the moving picture theatres of Jacksonville, especially the Lynch Enterprises group, and the Republic Theatre, which under the direction of Bill Whitehead, its manager, is open to our children any day in the year. Our children do not go very often for we have no appropriation for the big street car expense that a trip with our whole family entails each time, but we do let them go occasionally, and want to express their gratitude for these bright happy days as they come.

The Riverside Baptist and Christian Sunday Schools remember our children on picnic days, and other special occasions, as does the Church of the Good Shepherd through the privileges it extends to our children to use its wonderful swimming pool each week, which our youngsters always enjoy to the limit.

Boy Scouts and Y. M. C. A. Camps Help a Whole Pile

Our boys will never cease to tell of the wonderfully good times they had at the Boy Scout and Y. M. C. A. Camps this past summer, and on the hikes with their Boy Scout Leaders, in fact we are deeply indebted to both of these organizations for the fine interest they have shown in our boys.

Y. M. C. A. and Playground Directors Popular, Too

We are under great obligation to Mr. I. C. Moyer, Physical Director of the Y. M. C. A. and his assistant, Mr. Penton, and to the Director of playgrounds in Jacksonville, Mr. Sanford, for their time each week in giving our children the benefit of supervised athletics, games, and exercises, and for the boat making and marble contests, and other help rendered by these good friends, who are helping us to build physically sound boys and girls.

"Crying for a Mama"

Easter Hunts, Story Telling, Sewing Bands, All Welcome

For many years some of the good folks of the First Christian Church of Jacksonville, have come out each Easter Sunday afternoon and given our children a very enjoyable Easter Egg Hunt, which always delights our children. Miss Mattie Lipscomb comes once each week to tell our children stories. Mrs. N. M. G. Prange comes once a week to entertain our girls. The Young People of the First M. E. Church come out frequently Sunday afternoons to read stories and entertain our children. Mr. Hart of the Formosa Gardens of St. Augustine frequently delights all of us with arms

"Florida's Greatest Charity"

full of gorgeous flowers, and our very faithful friends, Mrs. Snyder, Mrs. Bonyng and Miss Imboden, come every week to sew for our children, as they have done for many years. The ladies of the Riverside Presbyterian Church and the First Presbyterian Church of Jacksonville do mending and darning for us regularly, so we have many good friends who are thoughtful, kindly and helpful, to whom we are constantly indebted.

We Are Very Proud of Our Wonderful Staff of Physicians, Specialists and Dentists

We can never begin to adequately express the great debt of gratitude we owe our physician in charge, Dr. James D. Love, for his many years of faithful and efficient service to our children, or to Dr. W. C. Dewberry, who has performed a similar service in connection with our Pensacola Receiving Home, or to the physicians, specialists and dentists who are always glad to serve our Society and its children without charge. These fine men not only save us thousands of dollars each year, but unquestionably have helped us to save many lives of little emaciated almost hopeless children, and enabled us to continue to have what is undoubtedly the lowest mortality rate of any children's agency in the country. We have lost exactly seventeen children out of over twelve thousand little ones that have been referred to us for aid and care, while the normal death rate is about one hundred and twenty-five per thousand the country over.

On the following page is a list of the physicians, specialists and dentists who have aided in the care of our children during the past year, under the direction of Dr. James D. Love.

The kind we have a "waiting list" for all the time. Want one?

St. Luke's Hospital, St. Vincent's and the Riverside Hospital deserve a world of credit for all they are constantly doing for our children; in fact, we can never begin to say all the words of gratitude that should be said for all these hospitals do for us.

Whatsoever ye would that others should do unto you [or unto your children if orphaned] do ye even so unto them.

"Florida's Greatest Charity"

MARCUS C. FAGG

Your Superintendent Completes Fifteen Years of Service

During the past year, on September 15th, your Superintendent completed his fifteenth year of service to the needy children of Florida, through the Children's Home Society of Florida. They have been years of real happiness and I trust of some real value to the State and of some real service to the little ones that I have tried faithfully to help and secure help for. I am deeply indebted to the officers, Board of Directors, Ladies' Auxiliary, staff of workers, friends, newspapers, and all who have in anyway contributed to the success of the work, during these fifteen years, which have passed so quickly, and which I trust have not been lived utterly in vain. I trust that during the years ahead, that whether it be under my leadership or otherwise, that the Society will grow and prosper, only that it may render a larger and more effective service to Florida's children in need, our citizens in the making. 12,195 little children in need and distress, orphaned, homeless, afflicted, abandoned, neglected, abused and uncared for were referred to the Home Society for homes, aid and care during those fifteen years, only seventeen died under

the care of the Society, all the others being rendered some assistance, an effort being made in each case to render that particular service that would mean the most for each child's future.

Following are some comparative figures which will give some idea at least of the growth in the work of the Society, and the growth in public support. With an increased support in the years to come we shall hope to make a better record in every way.

A Comparative Record

Fifteen years ago—the Society cared for 87 in one year.	Last year the Society cared for exactly 1,650 children.
Fifteen years ago—the Society owned nothing.	Today the Society's Assets are worth over \$300,000.00.
Fifteen years ago—155 persons contributed to the work.	Last year over 20,000 contributions were received from 100,000 persons.
Fifteen years ago—a full year's receipts were only \$3,700.00.	Last year the Contributions and Bequests amounted to over \$280,000.00.
Fifteen years ago—the Society had 3 workers employed.	This year we have fifty individuals in our service.
Fifteen years ago—the Society had no Receiving Home.	This year the Society has three, Jacksonville, Pensacola and Miami.
Fifteen years ago—the Society was second smallest in the country.	This year only three States in Union have larger work.
Fifteen years ago—not one Bequest had been made to Society.	During past fifteen years, more than Fifty Bequests were made.
Fifteen years ago—was practically unknown, in and out of State.	Today—it is recognized everywhere as one of the Nation's leading Children's Agencies.
Fifteen years ago—Florida had no Juvenile Court Law.	Today—Juvenile Courts cover the whole State.
Fifteen years ago—Florida had no Compulsory Education Law.	Today—we have as good a law as any Southern State.
Fifteen years ago—Florida had no Child Labor Law.	Today—we have a comparatively satisfactory law.
Fifteen years ago—Florida's wife desertion law was a travesty.	Today—our law makes desertion a felony, as it should.
Fifteen years ago—Florida had no Mother's Allowance Law.	Today—hundreds of widows and children are kept together under our law.
Fifteen years ago—Florida's Reform School was a prison and a disgrace.	Today—Our State Industrial Schools for Girls and Boys are a credit.
Fifteen years ago—Florida's care of the Feebleminded was a sin.	Today—we have a State Colony for Feebleminded and Epileptic.
Fifteen years ago—Florida had no State Conference of Social Work.	Today—The State Conference is a vital social force in Florida.
Fifteen years ago—Florida had no Children's Code Commission.	Today—The Code Commission is a real factor in Child Welfare.
Fifteen years ago—The Home Society in eight previous years cared for 200 children.	During the past Fifteen Years the Society has cared for over 12,000 children.

The Children's Home Society of Florida does not claim credit for all the Progress in Child Welfare Work and Conditions that has been made during the past Fifteen Years, but it does claim that the Home Society has had a leading and a vital part in this progress, in fact that no other source has contributed more than our Society has.

DADDY'S JOY

Many a husband who thought he did not want an adopted child in his home has been won over so completely, when the right "little feller" has come, that business nor anything else could drag him away from home.

How about a fine boy or girl for your home? It's sure great to be a "Daddy." Want to try it?

*Some of our boys preparing for the city-wide "Marble" Tournament.
Remember the days we used to play as boys—for keeps?*

Contributions Other Than Cash

We always hesitate to start the list of names of friends, business firms, organizations, etc., that have made contributions to our great work other than cash, for it would take many pages of names were we to try to include them all, yet we must mention a few of the outstanding contributions and will trust that any others who are not mentioned will remember that if we could afford the space we would gladly print the names of all, regardless of the value of the contributions, for we certainly do value the interest of every friend or group of friends everywhere, no matter how small the gift or service may be.

Railroads Help Mightily

Aside from the services of our physicians, specialists and dentists, perhaps the railroads of the State make the largest contributions to our work, as far as money values can be measured, for without the special transportation arrangements which we have over all the roads in the State, we would need to raise several thousands of dollars to provide for the transportation of our workers and children, who are on the road practically every day in the year.

Hospitals Are Indispensable Help

Then there are the absolutely indispensable services of St. Luke's, Riverside, St. Vincent's Hospitals in Jacksonville, and the City Hospital at Pensacola, for without these services for our children we would be obliged to provide our own hospital facilities, which would entail the expenditure of untold funds. Never can we say too much for these hospitals, the physicians and the nurses, the management, for as first stated, they really are indispensable.

Newspapers Our Genuine Friends

Knowledge of our Society and its services to Florida's needy children through the press of the State has been one of the prime factors in the great increase in our support through the years, and no words that we can

"Florida's Greatest Charity"

CAN YOU THINK OF ANYTHING MORE WONDERFUL?

We honestly believe that the finest act of charity—the most noble and genuine Christian service—that can be performed on this earth, is for "Childless Mothers" to provide good homes, love, care, education and opportunity for "Homeless Children."

Wouldn't you like to perform such a service just now for some of our "homeless little ones"? Please do.

use will give any idea of the real appreciation that there is in our hearts for all that the newspapers and magazines of Florida have done for us in news items, publicity, free advertising and editorial support.

Free Bread and Ice Big Items of Help

Through the Dorsey Baking Company of Jacksonville and the Florida Ice and Coal Company, and the American Bakeries Company, we have been furnished free bread and ice for our big family every day in the past year, and many preceding years. These two items mean a contribution of not less than two thousand dollars per year, and deserve a very large and special vote of gratitude.

City of Jacksonville Helps With Light and Water Rates

We are indebted each year to the City Commission for special rates on our lights and water at our Receiving Home and cottages, which mean a considerable saving to us, and a very great accomodation.

Jacksonville Barber College Helps With Haircuts

As in previous years we are indebted to the Jacksonville Barber College for free haircuts for our big family of children. At present day rates this is no small item, and we appreciate fully what a real contribution this service is.

Free Notary Service Helps, Too

We have a great many papers of one kind or another to be signed in the presence of Notary Publics, and for the past several years have been fortunate in having the free service of our good office neighbor, Mr. D. H. Moss, the Insurance Man, and the Notary in the office of William Nussbaum, creator of Jacksonville Heights, both of whom are always glad to serve us.

Legal Services of Our Attorneys a Great Help

While we are indebted to all of our officers and directors for many services through the year, we are particularly indebted to our attorneys, Mr. Francis M. Holt, who has done a very great amount of legal work for us, and won for us the only case that we have ever needed to defend in the Supreme Court, and to Mr. Herman Ulmer and Judge W. H. Baker, who for portions of the past year were of great help legally.

Our Board of Directors

Speaking of Board members who have rendered unusual service reminds me of the many years of service of Dr. Love, our physician in charge, of Mr. R. V. Covington, the most faithful and loyal Treasurer in the country, of Frank G. Johnson, our devoted Secretary, who is the only man who shares with me the honor of being called "Daddy," and who still finds time to be a friend to every child and every worker in the Home and at our office, or Mr. John A. Cunningham, who saves us many dollars each year

"Florida's Greatest Charity"

in special discounts on furnishings for the Home, of Frank Bisbee, who has insured all our workers at the Receiving Home without cost, and of Judge William H. Baker, who in spite of ill health, has been not only a personal friend but a counsellor and advisor, whose ever willing and efficient services are as a constant benediction to me in my work almost daily.

The Women's Auxiliary Invaluable, Too

Nor could we get along in our work without the invaluable and loyal, helpful and constant service of our Women's Auxiliary, all of whom are always eager and willing to help. Little can the public realize what a tremendous help these fine women are in helping me to solve many difficult children's case work problems, or in the many services they are constantly rendering in connection with our Receiving Home. I am particularly glad to be able to report the re-election for the sixteenth consecutive year of Mrs. Arthur G. Cummer as the Chairman of the Women's Auxiliary. This in itself tells of how our women regard the value of Mrs. Cummer's services, and I know we all rejoice at the thought of her continued leadership.

We must record a great big "thank-you" to every individual, business firm or corporation, or club, or society, or organization, or church, lodge, Sunday School, School, and others, who have rendered any service whatever for our Society and its children, or who have sent in donations of fruit, provisions, canned goods, preserves, meats, clothing, shoes, or other wearing apparel, or who have given us special rates or discounts on goods purchased, for all these things help to make our wonderful service to Florida's children in need possible, and without them we could not "carry on."

Fire and Police Department Help

We cannot be too grateful for the protection of the Fire Department who have always responded at breakneck speed to alarms of fire at our Receiving Home, and have through promptness saved us from any serious fire in all our years of service, nor can we say too much in praise of the co-operation and protection of the Police Department and their efficient and prompt service in finding our run-aways, etc.

Other Social Agencies Co-operation Helps

Our Society realizes that the care of Humanity is a complex job and, therefore, we appreciate the friendly and valued co-operation of the Juvenile Courts, City, County and State officials, and all charitable, social and philanthropic agencies or Institutions in and out of the State, for without the help of these Institutions and agencies and officials, we simply could not do our work. We are inter-dependent and all must co-operate if Humanity is ever to be properly cared for.

Honorable Frank C. Groover—known everywhere as "Pa" Groover—one of the distinguished members of our Board of Directors, with a small portion of our Big Family of "Homeless" children. "Pa" has found that life's real happiness comes from "giving," not getting; from "loving," not being loved; from "serving," not being served. So will YOU, if you try it.

A LITTLE ORPHAN

We have more applications for little curly headed girlies than all other children put together, in fact we have a waiting list for all children under five years of age, most all of the time. We need good homes for boys and girls from six to twelve and fourteen years of age, particularly. Will you take an older child or two?

Please permit me to remind all of our friends, that it is to these fine workers that the great portion of credit for whatever our Society is accomplishing belongs. I have the privilege of directing the work and securing the funds, and carrying the final responsibility, but it is to the devotion and loyalty of the entire staff that we give the glory for a year's work well done. I only regret that you cannot know all these workers and that they cannot know you.

By the time you read this we hope little Katie will be in a home of love and care—her tears changed to smiles of joy.

SOME OF OUR YOUNGER LADS—WAITING FOR GOOD HOMES

These boys are between six and ten years of age and are bright, lovable, attractive little fellows, who are anxious for good homes, good parents and a chance to "make good." Can't you find room for one or two little lads in YOUR home?

Our Boarding Home Work Increases

Few of our friends or contributors realize what a very big and important work is being done by our Society through our boarding home department. It is through these private family homes, most of them in Jacksonville, that we are able to care for our own problem children, who cannot be cared for at our Receiving Home, also, the wards of the Juvenile Court and other social agencies, who must have temporary care provided for certain children while court action and other plans are pending, also some afflicted and crippled children for the State Board of Health and other agencies, as well as our own children, also children of widowed or deserted mothers or fathers, who are widowers, who do not want to give up their children and are permitted to contribute what they are able for the support of their own children, and also the overflow of children that we cannot accommodate at our Receiving Homes because of almost constantly crowded conditions.

Family boarding homes of the right kind are very hard to find. We are constantly trying in every manner to locate them. We have only a few that measure up to the standards we have in mind, but these few render a real service, and are really indispensable in our work.

Following is a brief report of the Boarding Home Department and of the City Visitors Services in looking after the medical, dental and other needs of all of our children. This service is rendered by Miss Mary B. Milam and Miss Adelia Smith, our two city workers.

THREE SWEET GIRL GRADUATES

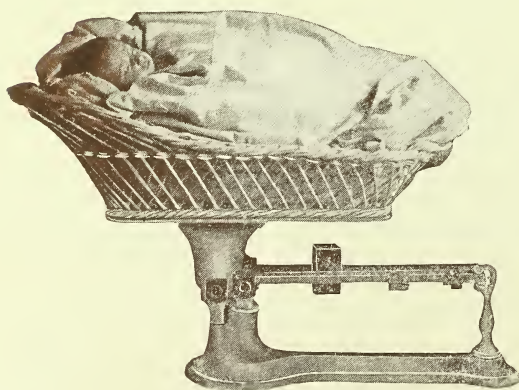

All three of these fine young ladies have been sent by our Society to a Special Training School for Girls in Georgia. All three graduated last year, the one at the left tying with another fine girl for first honors as Valedictorian. Will you help us do this much for others?

Four of Our Former Homeless Children On Our Staff of Workers

It is interesting and encouraging to note that during the past year, four young women, who came to us many years ago as homeless wards of our Society, became members of our staff of workers. One became an assistant in the Nursery Department, and another an assistant in the Baby Department of our Receiving Home, while two others at Christmas time were assistants in our Bookkeeping and mailing department in our office.

This not only indicates the progress that these homeless wards were able to make, but indicates too the kindly feeling these young ladies have toward our Society and its work, and the appreciation they have for what the Society did for them.

Perhaps some day our whole staff will be "graduates" from homelessness and neglect, who can tell?

Weighing but three and one-half pounds, emaciated beyond belief, too weak to take a nipple in her little mouth, almost too weak to swallow—we recently have had an opportunity by securing both special wet nurses and special trained nurses by night and day, to save the lives of three little "incubator" babies just like this. They were snatched from the very jaws of death—no doubt about it.

WE HAVE A FEW OLDER GIRLS ANXIOUS FOR GOOD HOMES

We are in need of wise, tactful, kindly mothers who will take in one or more of our older homeless girls, to love, guide, direct, train and give them a real home. The girls will "do well" if given a fair chance. Will YOU try one or two at YOUR home today—please?

Florida's Greatest Charity"

Our Older Children in Special Training Schools and Special Institutions, Hospitals, Etc.

Few of our friends and contributors realize that each year we have between fifty and sixty older children away at special training schools, institutions and hospitals, and that this feature of our work means the expenditure of over Fifteen Thousand Dollars each year.

We send some of our boys and girls to the Montverde School at Montverde, Florida, some to Palmer College, at DeFuniak Springs, Florida, others to Vashti Industrial School at Thomasville, Georgia, others to Coley-Black-shear School for Boys at Vocation, Alabama, and other schools in other states.

Last year in the graduating class at Vashti Industrial School at Thomasville, Georgia, we had three fine girl graduates, one of whom tied honors as class Valedictorian. We show the picture of these three fine young ladies, two of whom are continuing their education elsewhere, one of whom is now a member of our staff of workers at our Jacksonville Receiving Home.

The only limit to the number of boys and girls that we can send for special training to these fine schools, and to Business Colleges, etc., is the funds to send them with. During the past year two of our older girls have graduated with favorable records from business colleges, both of whom have since been married. Their education brought them in contact with young business men, who have offered them we trust a lifetime of happiness and service.

An Old Life Termer at Raiford Helps

Some weeks ago we received through a good Christian Endeavor friend of ours at Raiford, a contribution of One Dollar, which touched us very deeply. The Raiford Endeavorers hold meetings over at the State Prison Farm regularly, and at one of these meetings an announcement was made of the plan of the Endeavorers of the State to raise \$1500.00, to help little Essie and Elizabeth, the two little crippled girls under the care of our Society, no direct appeal being made for funds from the prisoners, but one old man in the seventies, a life termer at the prison, pulled out of his pocket a dollar bill, which he insisted he wanted to give to help our Society in its care of the two little crippled girlies. When the Endeavorers saw that to give this dollar would leave the old prisoner with only two pennies to his name, they did not want to accept the money, but the old life termer insisted and the dollar was sent to us, and has been used to bring comfort to Essie and Elizabeth.

KEEPING MOTHERS AND CHILDREN TOGETHER

is one of the finest services that we are constantly performing. We feel that no "home" should ever be broken up, except as a last resort, and only after all efforts to keep the family together have failed. Ours is a genuinely constructive service. Don't you want to have a part in it?

"Florida's Greatest Charity"

We have all heard of the "Widow's Mite," but this is the first money we have ever received from a prisoner, and surely can be said to be the "Prisoner's Mite," if not his "all."

If each of the readers of this report would have more of the spirit of the old prisoner, who was ready to part with his very last dollar, we would never need to worry about money to continue our great State-wide work.

Will *you* give what *you* can, soon, please?

Our Death Rate Probably the Lowest in the World

The normal death rate among children in America is not less than one hundred per thousand.

Our Society during the past fifteen years has had over twelve thousand children from tiny wee babies on up, referred to us for aid, most of these children being underfed, neglected and poorly cared for, many of them actually emaciated and at the point of death when they came under our care, therefore if we had lost many more than the normal number we could have felt that there would have been justifying reasons.

We have, however, only lost nineteen children in the fifteen and one-half years just past, only nineteen out of over twelve thousand children—isn't that perfectly wonderful. Does not this one fact indicate clearly the efficiency of our service to our children?

In seven of the fifteen years we did not lose even one child. All but two of the nineteen who passed away were wee babies, too emaciated to live.

Wouldn't you like to help us to continue such a wonderful service?

If all of the more than Thirteen Thousand Children that have come under the care and attention of "Florida's Greatest Charity" could be placed side by side, it would make a row of children—it would make a panorama picture over five miles long. Just think of five miles of "Homeless" and needy children!

Can you estimate what our service has really meant to Florida?

We Have No Solicitors Anywhere At Anytime

We desire to remind our friends and contributors everywhere that we do not have any persons paid to solicit funds for our Society at anytime, anywhere.

If any person or persons claim to have a permit to solicit funds for our Society, you may know that they are frauds and imposters, and that you will confer a great favor on our Society if you will wire us at once at our expense, so that we can locate them at once.

We use the method of direct letters of appeal for funds only, because we can secure our funds at the lowest possible cost this way, and further because the same letters of appeal for funds also carry our appeal for homes for homeless children, therefore the same postage and printed matter bring us our funds and good homes for our children.

This method is also the most convenient for the contributor, we feel sure.

LITTLE BLIND VERETHA

A year ago Homeless—and about to die.

Today—in a lovely home, tenderly cared for, happy as a lark, "seeing things" through the windows of her little soul.

Can you think of a finer service?

A Sharp Shooter in the Making

The Future Looks Bright

Having closed the year of 1925, out of debt, (except for some property recently purchased for a site for our new Receiving Home) we look forward with much encouragement to the year just ahead. We have a better staff of workers than ever before and with an increased support from our good friends all over the State, there seems no reason why we should not render a greater service than ever before.

Our new branch at Miami will soon have possession of our new Receiving Home there, which will make it possible for us to render a much more satisfactory service in that section of the State.

Our West Florida Branch at Pensacola is assured of another year of support from the Social Service Association there, and with the aid of other good friends in West Florida, we can look forward to a fine year of service in that portion of the State.

Our new Receiving Home plant in Jacksonville will be in the process of building all through the present year, and the knowledge that in 1927, we will have a modern, properly equipped Receiving Home plant, will keep us encouraged through the present year.

GOD'S MASTERPIECE

*His mountains strike us dumb with awe,
His oceans stir us to the quick,
We never cease to marvel at
The clouds piled high in masses thick.
A crescent moon in evening sky
Calls forth our wonder ever new,
While pulses beat and souls leap high
At afterglow and morning dew.
A songster calling to his mate,
A miracle in all the trees,
From swelling bud to falling leaf—
Can aught be greater still than these?
Skies, trees and mountains, wonders are,
And chartless winds or fierce or mild,
And still I think God's masterpiece
Is just a little child.*

—ETHEL CAUTION.

*A Foster Father's Joy
and "Pilot"*

“Florida’s Greatest Charity”

In closing let me say one more big “thank-you” to everybody everywhere who has aided our Society in its work of 1925, in any manner, and let me ask you to join with me in the fine spirit expressed in the following beautiful poem, as we think of and plan for the year ahead.

Respectfully submitted,

Marcus C. Fagg

THE TREASURE CHEST

By JAMES T. ANDERSON

*The coming year—unopened treasure chest
With gold of happiness enough for all
Who turn deaf ears to ev’ry selfish call
And seek the ways to serve their fellows best.*

*The rapidly unfolding days and weeks
Are but the slowly yielding bolts that hold
The lid which must be lifted, ere the gold
Can be revealed to him who truly seeks.*

*Oh seeker! be not selfish in your quest.
He who thinks not of others, seeks but dross.
His recompense will be but pain and loss
And he will suffer in the final test.*

*Withdraw each bolt with deeds of kindness turned,
With thoughts of others oil each rusty way,
And you will be rewarded ev’ry day
With a full share of treasure justly earned.*

*Oh, you who turn away from selfish lures
And spend your strength in service to mankind,
Will lift the lid at last and you will find
The gold of happiness will all be yours.*

"Florida's Greatest Charity"

"Now I Lay Me Down to Sleep"

Is the little prayer that thousands of little homeless children have learned for the first time at our Receiving Home. Who can measure what this "spiritual influence" means in the future lives of these little "Citizens of Tomorrow." But isn't it pathetic to think that so many little tots have no "mothers' knees" at which to kneel.

A PERMANENT MEMORIAL

This page will be set aside regularly each year as a permanent memorial to the kind friends who have left bequests or special funds to the Children's Home Society of Florida. Each year the list will be reprinted in full, adding such new names as may be our privilege.

We earnestly hope that all of our good friends will follow the example of the good friends whose names are published herewith, for the only limit to the good we can do is the money to do with.

There surely is no place on earth where your money could possibly render a greater or more lasting service.

A PERMANENT MEMORIAL

More and more as the people of Florida realize the unquestioned value and importance and real need of our Society and its great State-wide non-sectarian work for the future citizens of our State, its children of today, we are being remembered in the wills and bequests of friends who have come to have a real confidence in us, and who realize that there can be no other place on earth where their funds can really accomplish greater good.

The following are among the bequests and special gifts that have come to us during the past year:

Mrs. Louise G. Hoover, South Jacksonville (Paid)	\$ 500.00

List of 1925 Contributors

Our Honor Roll

When you read the following list of names—you are reading of the wonderful folks—(all over Florida—in every nook and corner—in every city, town and village in every county)—who have made possible our service to the sixteen hundred and fifty little children—from wee babies on up—who came to us in 1925—from every portion of the State.

Without the support of the following friends—we simply could not have made the really remarkable record of service that you have read about in the preceding pages.

This then is in reality our “Honor Roll”—and we pay herewith a public debt of lasting and very genuine gratitude to all whose names follow—regardless of the amount they may have given.

The school child’s pennies—the widow’s mite—the soldier’s pension—are all gladly welcomed as are the larger free-will gifts of those who gladly gave as they were able.

Please remember—that the lists for Jacksonville, Miami and Pensacola—are small—because most of our friends in these three cities gave to our work through the Community Chests of these cities.

If you gave and you do not find your name—please write us at once.

If you did not give—and want your name on the Honor Roll next year—send us your contribution—soon—please.

If your contribution came to us after December 31st, 1925, it will not be recorded here—but in our next year book for 1926.

If we have misspelled your name—please inform us.

If you can possibly increase your contribution this year—please do so—for we sure do need it.

Very gratefully yours,

R. V. COVINGTON,

Treasurer.

MORE THAN A
Quarter of a Million Dollars

*Has been left to our Society during the
past fifteen years in the bequests of*

SIXTY GOOD FRIENDS WHO
BELIEVED IN OUR SOCIETY

And its great State-wide, non-Sectarian work for the Homeless, Orphan, Afflicted, Abused and Needy Children of the entire State of Florida.

This is a *striking indication* of the great State-wide *confidence* that prevails *everywhere* in Florida—in connection with our Society—its Officers, Directors and Staff of workers.

There surely can be *no place on earth* where your money could possibly render a *greater or more lasting service* than in assisting these little homeless youngsters, through carefully selected family homes of love and care—to lives of real service and self support.

Think this over and make provision for this great service to Florida's Future Citizens in *your* will.
